Junior Software Developer opportunity Athens

Learn about a new opportunity.

Jelena Milovanovic
Talent Executive @ Mthree
London, England, United Kingdom

Hi Effrosyni

I just spotted your LinkedIn profile and wanted to reach out about an exciting Software Development opportunity with one of the top global investment banks, based in their Athens office.

We're looking for recent graduates with:

* Bachelor's degree in Computer Science or related field (Grade 7/10 or higher).
* Strong foundation in software development fundamentals and proficiency in at least one of these programming languages: Java, C#, C++, or Python.
* Knowledge of SDLC, debugging, and modern programming practices.
* English fluency and communication skills.
* Completed Greek military service (if applicable).

If the timing is right, please apply using this link, [https://grnh.se/8106ae8a6us] and I'll follow up with next steps in the recruitment process.

Please note: You must have the permanent right to work in Greece, as we are unable to offer visa sponsorship for this role.

Best regards,
Kind regards,

Jelena Milovanovic -Talent Executive
